

We are your FUTURE.

**This is our Earth!
This is our responsibility.**

**WE
HAVE TO
CHANGE!!!**

“Out of sight...Out of mind, right?”

Refuse
educe
euse
ecycle

**ONLY 9% OF ALL PLASTIC EVER
DISCARDED SINCE 1950 HAS
BEEN RECYCLED.**

#RECYCLINGISNOTENOUGH

We deserve better; We demand better

This is our planet
in the next 90
years if we don't
stop this...

...and I'm pretty
sure everyone
wants the world
to be like this.

And the Earth is running out of resources...

We are running out of time

Kids WANT
a better future.

Talking to people who have power to change

My 6 Projects

1. Ban Single Use Plastics And Plastic Tax

2 Eco Education in Thailand School Curriculum

GREEN GUIDELINE FOR RESTAURANTS

- Minimizing Single-use Plastic and No Styrofoam**
 - Use reusable containers for eat-in, including reusable straws, cutlery, and coffee cups.
 - Eliminate the use of single-use plastic containers for take away or support biodegradable system.
- Having Bottled Drinking Water in Reusable Plastic Bottle**
 - Step 1: First with drinking water for customer.
 - Step 2: Use a refill glass on table.
 - "Not provide single-use plastic glasses"
- Having Waste Management System**
 - Separate at least 3 kinds of garbage: organic waste, recycle, and trash.
 - Dispose organic waste to MFA (Ministry of Agriculture) or animal waste to organization such as Green Road, Process Plant, etc.
- Choosing Sustainable Food Sources**
 - Vegetables, fruits, coffee, tea, eggs, and milk are organic.
 - Sourced comes from sustainable sources.
- Being Meat Free in order to Reduce Green House Gases**
 - Have vegetarian or vegan food on menu.
- Having Green Area**
- Having Packaging-Free Products for Sale**
 - Use deodorizing liquid, sugar, salt, grease, which containers have to bring their own containers to refill.

3. Green Guidelines for Restaurant

4. Green Brands

5. Re-Forestation

6. Renewable Energy

BUT, it's still

NOT ENOUGH!

Money can't buy the world back.

We NEED to
CHANGE

**WE can
do it!**
